

COMPANY & PRODUCT PROFILE

GLOBAL SOURCING FOR FRESH PRODUCE AND FOODSTUFF

Dubai, United Arab Emirates · agrigate.ae

ABOUT US

A DUBAI-BASED FOOD TRADING AND GLOBAL SOURCING COMPANY

From trusted origins to global markets, Agri Gate connects quality produce and food products with buyers across the UAE, GCC and global markets. From origin selection and specification to packing, documentation and shipment coordination, we help buyers source with greater clarity and suppliers reach the right markets.

TRADE DESK

Inside Al Aweer Central
Fruits & Vegetable
Market, Ras Al
Khor, Dubai.

REGISTERED OFFICE

1912, The Binary by
Omniyat, Business Bay,
Dubai, UAE.

THREE LINES OF BUSINESS

One trade desk in Dubai coordinating import, sourcing and direct export against your written specification.

01

UAE Import & Distribution

Supply to wholesalers, supermarkets, HORECA and retailers across Dubai, Abu Dhabi, Sharjah, Ajman and the wider GCC.

02

Global Sourcing

Origin selection matched to your specification, grade and season across a grower, packhouse and exporter network.

03

International Supply & Direct Export

Direct origin-to-port shipments with documentation and phytosanitary certification coordinated to agreed Incoterms.

FRESH VEGETABLES

Bulk vegetable lines sourced, graded and packed to your specification for UAE distribution or direct export.

Dry Husked Coconut

HOW WE WORK

FROM ORIGIN SELECTION TO HAND OVER

A defined process, with the specification agreed in writing before anything loads.

01

Source

Origins and suppliers identified against your specification, grade and season.

02

Grade & pack

Grading, sizing and packing formats agreed in writing before loading.

03

Inspect

Pre-shipment inspection arranged at the packhouse or loading point.

04

Ship

Freight, documentation and temperature requirements coordinated to your port.

05

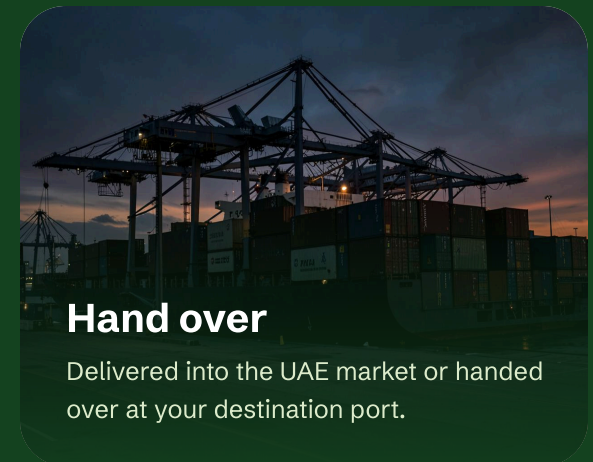

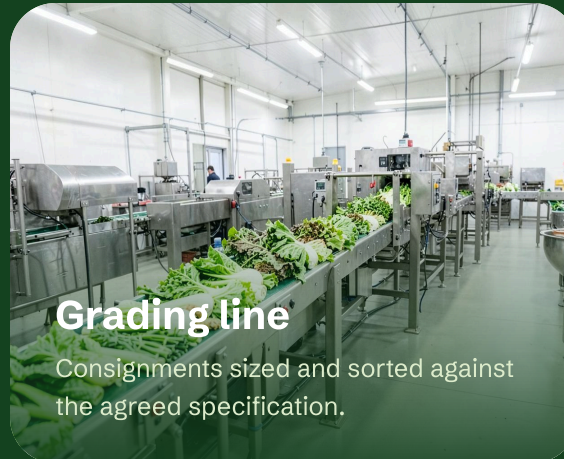

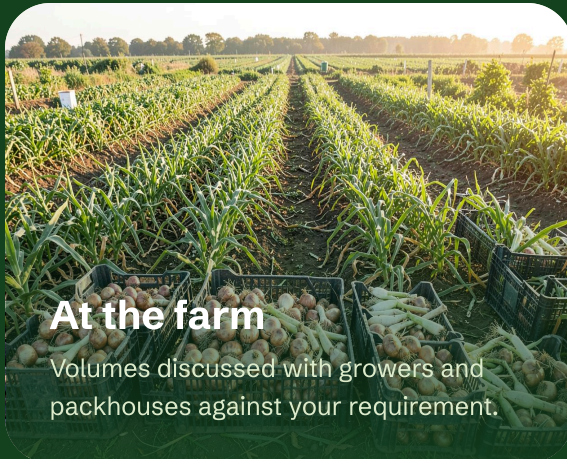

Hand over

Delivered into the UAE market or handed over at your destination port.

EVERY STAGE A CONSIGNMENT PASSES

Field, packhouse, cold chain and port — coordinated from one desk in Dubai.

SEA AND AIR FREIGHT CAPABILITY

Every consignment is planned around the shelf life of the product. Robust lines move by sea in reefer containers; short-window and premium lines move by air.

Sea freight

20ft and 40ft reefer containers set per product, LCL consolidation for trial orders, and origin-to-port shipments direct to your discharge port.

Air freight

Perishable air cargo for chilli, lime, pomegranate and premium fruit, with cool-chain handling from packhouse to airport build-up.

Documentation & clearance

Certificates coordinated, UAE clearance handled with licensed brokers, shipped on your Incoterm — FOB, CFR, CIF or DAP.

ORIGINS, DUBAI, DESTINATION

Sourcing origins, a Dubai trade desk for UAE and GCC distribution, and direct routes that bypass Dubai where it makes sense.

India

Onion, red onion, green chilli, potato, pomegranate. Our primary sourcing base, with packhouse partners across several growing regions.

South Africa

Lemon, pomegranate, red onion, potato. Counter-seasonal supply that helps cover northern-hemisphere gaps.

Vietnam

Lime, green chilli, onion. Sea and air routes for citrus and chilli into the Gulf and beyond.

Supply markets — United Arab Emirates · Saudi Arabia · Oman · Qatar · Kuwait · International destinations on request

TWO ROUTES, ONE TRADE DESK

Partnerships and investment discussions are welcome alongside both routes.

FOR BUYERS

Send us the specification, we return the origins

Tell us the product, specification, volume and destination you need. We identify suitable origins, confirm packing and grade in writing, and quote on your preferred Incoterm.

Origin options matched to your specification and season

Landed UAE delivery or direct origin-to-destination shipment

Grade, size, packing and inspection agreed before loading

FOR GROWERS, PACKHOUSES AND EXPORTERS

Send your crop calendar, we match it to demand

If you grow, pack or export food and fresh produce, send your crop calendar, packing formats and capacity. We match verified supply with buyer requirements in the UAE, GCC and international markets.

Introductions to buyer requirements that fit your crop and grade

Clear specification and rejection criteria agreed up front

Documentation and shipment coordination supported from Dubai

HOW WE REDUCE RISK ON A CONSIGNMENT

Specification-led sourcing

Grade, size, packing and tolerance agreed in writing before any order is placed.

Multi-origin network

Suppliers in more than one region so a requirement can be covered across seasons.

Quality control process

Pre-shipment inspection arranged at the packhouse or loading point.

Documentation support

Export and import paperwork coordinated with licensed brokers and agents.

Flexible shipping options

Landed UAE supply or direct origin-to-destination shipment on your Incoterm.

Responsive trade desk

One Dubai contact for pricing, updates and shipment coordination.

Cold-chain aware handling

Temperature and pre-cooling requirements built into the shipping plan.

Expandable catalogue

Fresh produce today, with wider food categories available on request.

DUBAI TRADE DESK

ONE CONTACT IN DUBAI, FROM ORIGIN TO HAND OVER

Grade, size, packing and tolerance agreed in writing before any order is placed.
